

Run Idea Kit

This kit is intended to help you organize and lead a fun Miata run. It's not a set of rules – your event is yours to customize and run as you see fit.

This is a list of suggestions, ideas, and common-sense feedback drawn from Delta members and other Miata Clubs (thanks especially to SAMOA and BAMA).

It also contains a safety reminder list and a liability release form for use at the drivers' meeting.

You may find updated versions of this on our Delta website.
